GEORGE W. REE HAS WITHDRAWN.

Retires From Contest for Delegate in Order to Please Metcalf.

The situation in regard to the Republican party of Alameda county was settled last evening, when Dr. George C. Purdee and George W. Reed came to an amicable agreement in reference to who shall go to Philadelphia to the National Convention as a delegate-at-large. Reed withdrew his candidacy and will accept the position of delegate from the Third Congressional district, and he will have the chairmanship of the District Convention at Sacramento and will be permitted to name the State Central Committee from Alameda county.

The compromise was reached after a conference between gentlemen representing both the Purdee and Reed forces. It is understood that the compromise will not go further than the National Convention and that it will in no way affect the Congressional situation. This practically leaves a clear field for Dr. Purdee in his candidacy for delegate-at-large to the National Convention.

The settlement is looked upon with favor by all concerned, as there was no money in the Congressional Committee for an expensive primary and there was nothing at issue to induce the candidates to advance much coin for the fight.

Mr. Reed's statement of the compromise is as follows:

Editor Tribune—Through the columns of your valuable paper allow me to say to my friends and to the public that I hereby withdraw my candidacy as delegate-at-large from the State of California to the National Republican Convention.
I do so in deference to the wishes of our Representative to Congress, the Hon. Victor H. Metcalf, who is a warm personal friend of mine. Aside from this reason I will add that I have at heart the success of the Republican party, and I feel that the withdrawal of my candidacy at this time will prevent a contest which possibly might be detrimental to the best interests of the party in the coming campaign.
Oakland, May 3, 1900.
GEORGE W. REED.

GOEBEL MURDER INVESTIGATION. MISTAKEN FOR WILD ANIMAL.

Governor Taylor Not Incriminated in the Tragedy. Pasadena Man Shot by His Friend on a Hunting Trip.

Associated Press Dispatches by The Tribune's Special Leased Wire. FRANKFORT, Ky., May 3.—W. H. Cull, resumed the testimony in the Goebel murder investigation today. He stated that Governor Taylor asked the witness to give him any amount of money he desired if he would leave Kentucky. At a conference in Lexington, the Sunday before Goebel was shot, it was decided that Representative Henry Berry, who had been unsent a few days before, should go to the House of Representatives next morning and take his seat and refuse to give up. Van Meter, his opponent, was to be in some way prevented from going to the hall that morning.

Caleb Powers, who was at the conference, telephoned to Governor Taylor at Frankfort two or three times in regard to the conference. Cull said he did not know of any list of State Senators or Representatives who were to be put out of the way.

On cross-examination, Cull said that Sergeant-at-Arms Haley signed the subpoenas for witnesses for Governor Taylor to testify before the gubernatorial contest committee and authorized Cull to secure good men in the various counties to serve them. Cull said he did not know where Powers or Kautsky was when the shot was fired. The last talk he had with Kautsky, the latter said the plan to kill Goebel had been abandoned. Cull had had no further contact with Kautsky or other members of the Legislature.

Theatres and Dancing Denounced at the Conference.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, May 3.—With the laity and clergy theoretically, if not practically, equally represented, the second session of the Methodist Episcopal General Conference began here today.

Frank Kern was given the seat made vacant by the withdrawal of Mrs. M. L. McManis.

John H. Cassell, Northwest Indiana Conference, made a motion modifying a former action and directing that the Committee on Boundaries be formed in accordance with the provisions of the rules of the discipline.

A committee was appointed to investigate the case of Caleb Butterworth of Camden, N. J., as his right to a seat was questioned yesterday.

Then the conference came to the matter of forming standing committees. The list of conferences was called, and each handed in its nominations for the four-year committees. Secretary Monroe announced that it would take him several hours to arrange the list of names in proper order.

The quadrilateral address of the bishops was read by Bishop Andrews. Close attention was given, and when the spectators gathered from the report that while the country had increased fourteen fold during the past hundred years the Methodist Episcopal Church had developed substantially.

The bishop's address stated that the church will not abandon its position on the question of the liquor traffic. "Arroused and indignant at the aggressions of the liquor power, at the inexcusable miscarriage of the anti-liquor law, the church is determined to stand for the right of the people to possess themselves of the liquor traffic, and to pledge all our ministers and people to a vigorous and untiring struggle against this enormous evil."

As to marriage and divorce, "in the presence of this evil, the church cannot allow its members to be divorced and remarried to be in any case inoperative and void. Let it be remembered that the church law be amended, to need be no amendment. But by the voice of its public assemblies, by its pulpits and by its individual members, the church should keep itself pure and aid the civil law and the practices of society to become pure."

On cross-examination, Cull said that Governor Taylor asked the witness to give him any amount of money he desired if he would leave Kentucky. At a conference in Lexington, the Sunday before Goebel was shot, it was decided that Representative Henry Berry, who had been unsent a few days before, should go to the House of Representatives next morning and take his seat and refuse to give up.

HOUSE PASSES FREE HOMES BILL.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, May 3.—Soon after the House met today it went into committee on the White House bill, the free homes bill. The bill provides for the purchase of public lands for actual and bona fide settlers and pay any deficiency to agriculture and the annual sales of public lands shall prove insufficient to meet the payments. Mr. Dwyer of Minnesota, in charge of the bill, made the opening argument in favor of the bill.

Mr. Mahlon of Georgia opposed the bill. He said it would cost the Government \$15,000,000.

M'KINLEY'S SYMPATHY.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, May 3.—The President sent the following telegram to the Governor of Utah: "EXECUTIVE MANSION, WASHINGTON, May 3, 1900.—Governor Wells, Salt Lake City: I desire to express my sincere sorrow upon learning of the terrible calamity which has occurred at Schofield and my deep sympathy with the wives, children and friends of the unfortunate victims of the explosion."

METCALF WILL BE RETURNED TO CONGRESS.

Strong Endorsement of Our Congressman by Solano and Yolo Republicans.

The Congressional campaign is about to open. For obvious reasons this campaign is of peculiar interest to all classes of voters in the Third Congressional district.

The Hon. Victor H. Metcalf has held the office for one term. He has made an exceptionally good record, calculated to deeply interest the voters of the district in the question whether he shall be returned. Judged by all the standards of popular recognition of high service in public station, he deserves to be returned.

Mr. Metcalf achieved the distinction of being placed on the Naval Committee during his first term in Congress—a committee and a representation which the recent rapid progress of American history has made of supreme importance to this district and to the whole Pacific Coast region. Indeed, the services and achievements of Congressman Metcalf have interested all sections of the State in the matter of his re-nomination and re-election.

His prominence and his effective work have reflected credit upon all portions of the district.

THE TRIBUNE believes that he will secure the delegations of the outside counties almost to a man, and that in addition he will have a voting majority of the Republican voters of Alameda county.

Mr. Metcalf will draw his support from all classes of citizens, from the mechanic and the artisan who appreciate the practical side of his work for the material interests of the district, as well as from those voters who admire the high character of the man.

While attending to affairs of the very largest national import connected with his district, Mr. Metcalf has not been neglectful of those smaller duties and details which establish a Representative in Congress in the confidence of his constituents. He has been active in all these matters, prompt in answering correspondence and as quick to listen to the poor as to the rich and powerful.

We are sure that the Hon. Victor H. Metcalf will be sent back to the position which he has so acceptably filled and which he has inaugurated so greatly to the credit of his district and to the advantage of his State and of the nation.

Yesterday afternoon there was a meeting of the Third District Congressional Committee at which a number of prominent Republicans were present. THE TRIBUNE took occasion to interview a number of Republicans on the Congressional situation and their views are here-with given.

CHARLES DURNER OF BENICIA SAYS PEOPLE ARE FOR METCALF.

Charles Durner, a member of the Third District Congressional Committee and a prominent Republican at Benicia, said: "Hon. Victor H. Metcalf has made the ablest representative the Third Congressional District has had in twenty years and I am now speaking of the time that I have been in politics. His ability was such that he was immediately recognized on the floor of Congress and was highly honored by being appointed on the Naval Committee. It must be remembered that it is not an easy matter to get on the Naval Committee, and indeed some members have to work years to attain that end."

"Mr. Metcalf has done more for this district during the time he has been in Congress than any other representative during the same period. He is an able and conscientious worker and commands the respect of the people of Solano county. He has filled every requirement necessary to make a successful Congressman. He has been weighed in the balance and has not been found wanting."

"Solano county will send a solid delegation to the convention for Hon. Victor H. Metcalf. The people of our district want him returned to Congress. We appreciate his good work and we will endeavor to see that his record is endorsed at the polls. You'll find Solano solidly for V. H. Metcalf when the time comes for the test."

J. H. DUNCAN ASSERTS THAT YOLO COUNTY IS SOLID FOR METCALF.

J. H. Duncan of the Woodland Mail, a prominent Republican of Yolo county, said: "Why it seems to me that everybody in Yolo county is for Hon. V. H. Metcalf for Congress. Our people are practically unanimous on the subject. They say he has made the best Congressman we have ever had in this district. He has accomplished more for this district during his first term in Congress than any of his predecessors."

"I consider his record highly creditable in every way, and my opinion is shared by nearly all the people of Yolo county. I look upon Mr. Metcalf as a man of great ability. His word is as good as his bond in politics as well as in all other matters. Why, sir, even the Democrats up our way are constantly sounding his praises and do not seem to think of there being an opponent against him. Indeed,

A WOMAN MURDERED

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, May 3.—As the result of an autopsy upon the body of the young woman known as Mary Smith, which was exhumed yesterday, Assistant District Attorney Blumenthal today declared that she had been murdered. The young woman, whose real name the authorities decline to make public, died last week in a flat, and the body was buried at night. "We have definitely fixed the guilt of three persons except to have their arrests accomplished within forty-eight hours," said Mr. Blumenthal.

Labor Leader Indicted.

CHICAGO, May 3.—It was stated today that a true bill had been returned against George P. Gubbins, President of the Bricklayers and Stonemasons' Union by the Grand Jury on evidence presented that he was concerned in an assault on non-union men at 333 West Randolph street on April 24. The specific charge was conspiracy to incite riot.

ROBERTS BEATS THE BURGHERS.

Boers Driven From a Strong Position and Suffer Severe Losses.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, May 3.—The War Office has received the following dispatch from Lord Roberts, under date of Bloemfontein, May 2: "General Hamilton met with considerable success and drove the enemy from the strong position they had taken up at Houtnek with comparatively small loss to us. The Boers dispersed in several directions, mainly to the east and south, leaving many prisoners in our hands, including one commandant and sixteen German soldiers belonging to the Pietersburg Regiment, and amongst the latter was Maximoff, the Russian commander of the Boers' last stand. Twenty-two of the Boers' cavalry arrived upon the scene in time to afford valuable assistance by threatening the enemy's rear."

"During the afternoon General Jan Hamilton was joined by General Bruce-Hamilton's brigade of Cavalry. The enemy, having twelve killed and forty wounded yesterday. Amongst the former was Lieutenant Goukney, a German soldier belonging to the Pietersburg Regiment, and amongst the latter was Maximoff, the Russian commander of the Boers' last stand. Twenty-two of the Boers' cavalry arrived upon the scene in time to afford valuable assistance by threatening the enemy's rear."

"General Hamilton speaks in high terms of the good service performed by the Eighth, Ninth and Colonial Cavalry and of the regiment of lanciers which came into General Broadwood's brigade and assisted in making the Boers vacate their position. The latter division of the Boers' route was given by the Gordons and two companies of the Shropshire Light Infantry, who chased the Boers until they got within 200 yards of the position. "Kitchen's Horse" is also spoken of in terms of praise."

THE BOERS IN DANGER.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, May 3.—Lord Roberts' latest dispatch throws no light on the objective and possibilities of the extensive operations in the neighborhood of Taba N'Chu. One military correspondent believes the inference is justified that Lord Roberts' successful attack at Houtnek threatens the Boer center and puts the Boers in a favorable position to crush the Boer left, which is still facing General Buller at Taba N'Chu, on their right, which is somewhere between Brifort and Houtnek."

General Jan Hamilton's success at Houtnek elicits little enthusiasm, as the Boers are merely pushed out of one position to another. The Boers' time ago that the policy of the Boers would be one of slow retirement. Colonel Baden-Powell reported officially from the Boers' position of April 29th, that all was well there. He adds: "Thirteen native women tried to get away during the night of April 29th. The enemy opened fire on them and killed nine and wounded two. I wrote to Symman, pointing out that he shells the native steady and is full of women and children, and that when they are trying to escape the Boers follow them and sent them back, and at night they shoot them, pretending to mistake them for night attacks. Symman has not replied. The proportion of killed and wounded above and below is five to one."

Other news from Mafeking details the careful saving of the provisions and says there are diminished stocks of food for 9,000 souls within the beleaguered town. The American Hospital Ship Maine, after having been inspected by Lady Randolph Churchill and other members of the staff, sailed from Southampton for the Cape today. "Prices became buoyant on the Stock Exchange after a dull opening. This was due to a variety of rumors, all, however, requiring confirmation, including an important British victory in South Africa, the death of President Kruger and the relief of Mafeking."

THE BOER SUCCESSES.

Associated Press Dispatches by The Tribune's Special Leased Wire. PRETORIA, Wednesday, May 2.—An official war bulletin issued here reports that on April 28th the Federals captured nine prisoners and ten horses east of the Orange river, and on April 30th a British mounted corps appeared near Brandfont. The Federals attacked them. Two Federals and the British retired. The correspondent of Reuters telegrams, an official of this affair, says that the Boers' success at Houtnek has forced the Boers to retreat. The Boers' success at Houtnek has forced the Boers to retreat. The Boers' success at Houtnek has forced the Boers to retreat.

WAR NEAR ITS END.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, May 3.—The Evening Post's London correspondent cables today as follows: "Six weeks is, today's cables say, the time named in well-informed circles in South Africa for the probable duration of the war. That also is the expectation in government circles."

The probability is that Lord Roberts has there is not the slightest opposition against Mr. Metcalf in our county. He was the first Republican to carry Yolo county at a Congressional election, and if re-nominated, as I firmly believe he will be, he will carry our county by an increased majority."

"From what I observe the people as a whole desire Mr. Metcalf's re-election as an endorsement of his course in Congress. They feel that he is entitled to recognition for his good work in Congress, and, therefore, Yolo county will send a solid delegation to the Congressional Convention to assist in his re-nomination."
